Red Deer, Alberta: We are 10 minutes to work, 10 minutes to home, and across the street from the Courthouse. We are ideally situated on the QE2 highway corridor midway between Edmonton and Calgary. Not far beyond us, there is Jasper, Banff, Lake Louise and British Columbia. Even the dinosaurs are not far away. It's known as Central Alberta for a reason. It's a City of 100,000 people with a trading area of over double that number.

Red Deer features a lively and vibrant arts, music and cultural scene; excellent recreational amenities, including a scenic and extensive trail system adjacent to the Red Deer River.
